Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

SITUATION SUMMARY

Train Derailment, Hazardous Materials Spill Report: 15-3078, Anaheim, Orange County

- At 1746 hours on 6/1/15, Union Pacific Railroad reported one railcar derailed upright on an industrial lead that was carrying lumber. No hazmat and no injuries to crews reported. Local investigations are underway. Notifications made per SOP.

5.9M Earthquake, Off Coast Oregon

- A verified 6.0M earthquake (EQ) occurred 285 miles offshore Yachats, Oregon. The EQ was later downgraded to a verified 5.9M.
- Per the Cal OES Earthquake and Tsunami Duty Officer, the USGS is showing three magnitude 5+ (one at M5.9) earthquakes and two magnitude 4+ earthquakes about 270 miles (430 km) west of the Oregon coast. NOAA's National Tsunami Warning Center is showing a M5.8, M5.5, and a M6. The larger earthquakes from the USGS have moment tensors that indicate largely strike-slip motion. Based on Google Earth bathymetry the earthquakes appear to be associated with the Blanco Fracture Zone, a transform fault system separating the Juan De Fuca Ridge and Gorda Ridge spreading centers. These earthquakes are associated with strike-slip motion on the Blanco Fracture Zone and therefore by themselves don't pose a big tsunami threat.
- The California State Warning Center (CSWC) received a Tsunami Information Statement from the National Tsunami Warning Center. There was no tsunami danger for California. The CSWC conducted a roll call with all California Coastal and Delta Counties.

Harrison, Vegetation Fire, Riverside County

- Location: Ave 66 x Harrison, Thermal, Riverside County
- Jurisdiction: LRA
- Start Date/Time: 06/01/2015 at 1016 hours
- 75 acres, 30% Contained
- Per the Cal OES Fire Duty Officer (FDO) the fire is winding down and all aircraft has been placed on hold.
- Per the Cal OES Law Duty Officer (LDO):
 - Per Riverside Sheriff's Office (SO), the only area requested for evacuations was the 6500 block of Harrison. There are no other evacuations at this time. Riverside SO did not have a firm number on the evacuated residences which are trailer homes.
- Per the Cal OES Southern Region Duty Officer (SDO):
 - Per the Riverside County EMD duty officer, there are no emergency management issues, no unmet needs, and no requests for state assistance

SITUATION SUMMARY

Ventura County Spills – Cal OES Southern Region Duty Officer

- The Ventura County Operational Area Emergency Operations Center (EOC) activated at a Level I on 05/29/15 due to cleanup efforts of several Ventura County beaches (from San Buenaventura State Beach to Hollywood Beach) where tar balls have been reported ashore. Although it is unknown whether these tar balls are related to the Refugio Incident, a Ventura County representative will be present at the Incident Command Post (ICP) for Refugio and will team up on the ongoing sampling and testing of the tar balls to determine the origin and chemical makeup. The Cal OES Southern Duty Officer (SDO) will continue to monitor the incident.
- Per the Cal OES SDO, referencing the following Spill Reports: 15-3021, 15-3009, 15-3011, 15-3010, 15-2929, 15-2981, 15-2978:
 - The Refugio Incident Command has sent multiple assessment and cleanup teams to respond to Ventura County Beaches to assist with clean-up activities.
 - All Ventura County beaches remain open at this time - no closures are being recommended.
 - Per the Ventura County OA EOC, cleanup efforts on 05/31/15 included one team assigned to cleanup near the Ventura Pier and Oxnard Shores.
 - Approximately 125 personnel performed cleanup operations and environmental monitoring. Cleanup efforts will continue 06/01/15 in and around Pierpont Beach, Marina Park and along the Oxnard coastline from 0800 – 1800 hours. Cleanup efforts are likely to continue the week of 06/01/15.
 - Beaches continue to remain open while the work is being performed.
 - In consultation with the Refugio Incident Unified Command, wildlife restrictions of sensitive areas that inhabit threatened species – nesting season of the endangered Snowy Plover – were conveyed to the Ventura County OA EOC. However, after continued discussions, the cleanup efforts that were hampered by these restrictions, have been resolved and will allow for cleanup in those areas. There have been no further requests for assistance and no unmet needs have been reported.

SITUATION SUMMARY

Los Angeles County Spills – Cal OES Southern Region Duty Officer

- On 05/27/15 at 1241 hours, the California State Warning Center (CSWC) received a report indicating a tar-like substance was observed on Manhattan Beach, Los Angeles County. The Beach Incident Command Post (ICP) is located at 2600 Strand, Manhattan Beach, CA 90266. The beach area was closed and Public Health placed signage indicating the closure of the beach area.
 - Per the Cal OES Southern Duty Officer (SDO) 05/29/15 at 2036 hours :
 - Per the LA County OEM Duty Officer, the Los Angeles County Public Health Department has declared the beaches safe for public use therefore Unified Command reopened El Segundo, Manhattan, Hermosa and Redondo Beaches for public use at 1830 hours on 05/29/15. The investigation continues to determine the origin and chemical makeup of the tar balls based on sampling collected by USCG and California Department of Fish and Wildlife (CDFW).
- Referencing the following Spill Reports: 15-2943, 15-3014, 15-3028, 15-3030:
 - On 05/31/15, the Los Angeles County Office of Emergency Management (OEM) duty officer reported that there are no further cleanup efforts scheduled.
 - Unified Command will continue to have the South Bay beach shorelines patrolled and monitored.
 - Laboratory analysis of sampling material to determine the origin and chemical makeup of the tar balls will continue.
 - There are no requests for State assistance and no unmet needs are being reported.

SITUATION SUMMARY

SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County

- On 05/19/15 at 1243 hours the California State Warning Center received a report from the Santa Barbara County Fire Department indicating that a ¼ mile sheen was observed off of Refugio State Beach, near Goleta, Santa Barbara County.
- On 05/19/15 at 1510 hours the NRC reported that Plains All American Pipeline advised that crude oil was discovered to be coming out of a transmission pipeline at a Culvert under Highway 1. Contractors responded to scene and the action line was shut in.
- The source of the spill was capped at approximately 1500 hours on 05/19/15, but a significant amount of oil reached the ocean at Goleta.
- Mission opened in Cal EOC: **2015-05-19 Santa Barbara Refugio Oil Spill Incident.**
- The CSWC conducted all appropriate notifications, including but not limited to local government agencies.

Proclamations

- Governor Brown Declares State of Emergency in Santa Barbara County to Assist Oil Spill Response.
- <http://gov.ca.gov/news.php?id=18967>
- A Proclamation from Santa Barbara County has been received. The County is not requesting CDAA at this time.
- On 05/22/15 City of Goleta submitted a Proclamation of Local Emergency. The City is not requesting CDAA at this time.
- On 05/23/15 the University of California Santa Barbara submitted a Proclamation of Campus Emergency with no requests at this time.

Activations

On 05/27/15:

- The State Operations Center is activated at Level 1.
- The Southern Region Emergency Operations Center (REOC) is activated at Level 1.
- Santa Barbara EOC is activated at Level 3.
- The EOC is being used for the ICP, and has an Operational Period of 24 hours – 0600 to 0559 hours.
- Ventura County OA EOC was activated at Level 1 for part of Friday, 05/29/15, due to reports of tar balls/sheens and to join the sampling process to determine the source of the oil spill.
 - Ventura County OA EOC was activated at Level 1 on 05/30/15 and 05/31/15 from 0700-1900 hours.
 - A Ventura County OA representative has been sent to the Refugio Incident ICP.

Missions

- 2015-SREOC-12905 - 05/30/15, Ventura County - for 4 CMS Boards from Cal Trans with the following message: “BEACHES OPEN AVOID CONTACT WITH TAR/OIL VCEMERGENCY.COM” to be posted at the following locations:
 - La Conchita @ Santa Barbara Street – North Bound
 - Seacliff Off-Ramp / Pacific Coast Highway (Rincon Parkway) – South Bound
 - State Beaches Off-Ramp (101 NB North of Ventura) – North Bound
 - Las Posas Road @ HWY 1 – South Bound

SITUATION SUMMARY

SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County

Deployments

- Unified Command
 - Federal on Scene Coordinator: US Coast Guard (USCG) & the Environmental Protection Agency (EPA).
 - State on Scene Coordinator: CA State Parks & CA Fish and Wildlife (CDFW).
 - Local on Scene Coordinator: Santa Barbara County Office of Emergency Management (OEM).
 - Tribal Coordination: Santa Ynez Chumash Tribe, Owl Clan Consultant representing the three Clans: Barbareno, Coastal and Southern Owl.
 - Responsible Party: Plains All American Pipeline LLC.
- Cal OES Deployments
 - Southern Deputy Regional Administrator
 - ESC from Cal OES Southern Region, Ports and Harbor Representative
 - Two (2) ESC from Cal OES Southern Region, Agency Representative
 - Three (3) Cal OES PIO

Responding Agencies

Federal

- USCG, Pipeline and Hazardous Materials Safety Administration (PHMSA), EPA, US Fish and Wildlife, and NOAA.

State

- Cal OES, CA State Parks, Cal OSPR, CA Fish and Wildlife, Cal Volunteers, California Conservation Corps, and California Coastal Commission.

Local

- Santa Barbara County OEM, [Ventura County Sheriff's OES](#), Santa Barbara Fire Department, City of Santa Barbara, Santa Barbara Sheriff, Gaviota Police Department, Santa Ynez Chumash Tribe, Owl Clan Consultant representing the three Clans: Barbareno, Coastal and Southern Owl.

Beach and Campground Closures

- Refugio Beach campground and El Capitan state beach will remain closed through 06/04/15 or until deemed safe and staged equipment is removed.

Road Closures

- [Highway 101 – A single lane closure of the southbound 101 freeway west of Refugio Beach in Goleta will be implemented through Friday, 06/05/15 from 0900-1500 to accommodate heavy equipment in response to the cleanup efforts.](#)

SITUATION SUMMARY

SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County

Tribal

- Per the Cal OES Tribal Liaison:
 - The Santa Ynez Chumash Tribe (a Federally recognized Tribe) is now impacted and has sent a representative to the ICP.
 - The representative is the cultural monitor for the Tribe.
 - The Cal OES Southern Region ESC and Tribal Advisor, are in close contact with Santa Ynez Chumash Tribe to ensure proper consultation with the Federally recognized Tribe.
 - Cal OES Tribal Advisor reached out to the consultant for the three Non-Federally-recognized Clans (Barbareno, Coastal and Southern Owl), and confirmed she is working directly with the Unified Command group to ensure that the three clans cultural sites are being protected.
 - A Southern Owl Clan member contacted the State Historic Preservation Office (SHPO) and CA Native American Heritage Commission (CNAHC) advising them that these clans have cultural sites in the impacted zone of this event. [A Southern Owl Clan representative is monitoring the area to advise crews regarding cultural sites in the impacted zone of this event.](#)

Access and Functional Needs

- Cal OES has coordinated a sign-language interpreter to assist with the Press Briefings.

Health and Medical

- California Department of Fish and Wildlife closed affected fishing areas.
- Center for Toxicology & Environmental Health, LLC (CTEH) is conducting air monitoring. There have been no reports of inhalation concerns and no records of chemicals that could cause long term health effects. No reports of injuries from public or responders.

Economic Impacts

- The Cal OES Southern Region and Individual Assistance Branch staff are coordinating the collection of data related to the economic impacts to locals businesses due to the oil spill. Cal OES has forwarded the Estimated Economic Injury Worksheet for Businesses to Santa Barbara County OEM staff to assist with this effort and determine if businesses within the County qualify for Economic Injury Disaster Loans (EIDLs).

Third-Party Claims

- A Third-Party Claims telephone number has been established for businesses and others to report economic losses or costs due to the oil spill. Claim Phone Number: 866-753-6391.

SITUATION SUMMARY

SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County

Environmental Impacts

- The area is prone to natural oil seepage. Experts from NOAA conduct daily overflights to identify areas with sheen in the water. Samples are collected in these areas via skimmers to determine if the oil is of natural origin or in the environment as a result of the oil spill. In this area, a baseline of about 80-100 barrels (4,000 gallons) is produced naturally daily.
- Fishery Closure area expanded and now extends from Canada de Alegeria at the western edge to Coal Oil Point at the eastern edge and out to 6 miles seaward.
- California Department of Fish and Wildlife submitted a declaration of Fishery Closure on 05/21/15 due to a public health threat caused by the oil spill. OSPR has ordered a ban on fishing and the taking of shell fish in the spill area.
- The following areas have been cleared by cleaning crews:
 - Gaviota Creek
 - El Capitan Creek
 - Las Llagas
 - Tecolote Creek
 - Bell Canyon Creek
 - Deveraux Creek
 - Corral-La Flores Creeks
 - Arroyo Hondo Preserve and Creek
- The following area has not yet been cleared:
 - Eagle Canyon Creek – in progress
 - Refugio Creek (spill site) – boomed

Wildlife

- The Wildlife Care Network continues to conduct wildlife monitoring and recovery efforts.
- As of 1900 hours on May 31, 2015, the OCWN has received reports of 52 birds captured, 50 birds DOA (total of 102 birds), 36 mammals captured, and 30 oiled mammal DOA (total of 66 mammals).
- Freshwater lagoon drainages in the affected area have berms installed. Berms remain intact and provide protection for sensitive species from oil.

SITUATION SUMMARY

SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County

Pipeline Information

- Per Cal OES Southern Region Emergency Operations Center 1700 hours Situation Report:
 - Per PHMSA, a Corrective Action Plan was submitted on 05/21/15. This required the Responsible Party to remove all oil from the pipeline within 10 days.
 - 550-600 barrels of product was removed from the pipeline which is equivalent to approximately 23,100-25,200 gallons.
 - The investigation of the pipeline will be ongoing for approximately four (4) months
 - Air quality monitoring is ongoing in the incident area. The Center for Toxicology and Environmental Health (CTEH) is conducting the air monitoring on behalf of the Responsible Party.
 - The exact amount of oil release is unknown but is estimated between 31,000 gallons to 101,000 gallons as a worst case scenario; originally estimated at 105,000. [An estimated 600 barrels of product has been pumped from the pipeline in total to date.](#)
 - The Federal On Scene Coordinator (FOSC) and the US EPA On Scene Coordinator (OSC) issued and cosigned an administrative order to the responsible party for the removal, mitigation, or prevention of a substantial threat of oil discharge to the responsible party.
 - Unified Command approved the plan to remove section of the ruptured pipe on 05/25/15. Work on the pipe has started and they have removed soil above the suspected breaking point.
 - The damaged pipeline section has been removed. Crews are in the process of assembling and assessing the new section of pipe.
 - [A new section of pipeline was welded into place where the old section was removed.](#)

SITUATION SUMMARY

SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County

Response and Clean Up Efforts

- Per Cal OES Southern Region Emergency Operations Center 1700 hours Situation Report:
- An investigation of the shoreline has revealed approximately 51.70 miles of shoreline impacted by the oil spill. Total shoreline area impacted by the oil spill is approximately 40.30 miles. Impacts to the shoreline have been identified as follows:
 - 14.95 miles light oil impacts
 - 18.29 miles moderate oil impacts
 - 2.47 miles heavy oil impacts
 - 3.70 miles no impact
 - 3.01 miles very lightly impacted
 - 1.8 miles impacted with tar balls
- 12 sites have been identified as sensitive, all have been boomed.
- A majority of the onshore oil impacts exist on beaches between Arroyo Hondo to the west and Point Mugu to the east.
- Approximately 11,915 gallons of oily water mixture have been collected offshore. The remaining offshore oil exists within a thin sheen reducing the amount that can be collected via skimmers; therefore, offshore oil collection activities have been minimized. Onshore oil cleanup continues.
- Onshore oil cleanup continues.
- Six field observer teams have reported the following onshore removal totals:
 - 510 cubic yards of oily vegetation
 - 3,840 cubic yards of oily soil
 - 540 cubic yards of oily sand
 - 210 cubic yards of oiled equipment (including gloves, masks, Tyvek, etc.)
 - 90 cubic yards of absorbent
- A temporary flight restriction has been imposed within a 5-mile radius of Refugio Beach through 06/06/15.
- US EPA is reviewing options for cleaning the cobbled beach areas.
- NOAA Trajectory Analysis estimates show an area of scattered light oil off the coast starting from Heritage to Holly located north of Santa Barbara.
- Clean up efforts continue on a 24 hour schedule.
- Cal OES deployed staff coordinated were asked by Unified Command to obtain points of contact for CHP and CalTRANS for the AIDS Life Cycle Event and invite them to a meeting scheduled for 1700 hours on Monday, June 1, 2015 to discuss the logistics of the event as it is planned to occur on Friday, 06/05/15 along the 101 freeway where current Incident work activities are ongoing. Cal OES staff have been asked to participate in the meeting to be available to assist with ongoing coordination efforts.
- The ICP is overseeing operations from Gaviota in Santa Barbara County to Point Mugu in Ventura County.
- Dive operations were conducted off Refugio State Beach, no recoverable oil was observed therefore the underwater survey team will be demobilized.

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

SITUATION SUMMARY

SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County

Resources

- Per Cal OES Southern Region Emergency Operations Center 1700 hours Situation Report:
- As of 1900 hours on May 31, 2015, there are a total of 1,153 personnel from all organizations currently responding to the incident. There are a total of 125 personnel in the ICP and 1,028 in field operations.
- Staging areas for the incident are located at Refugio State Beach, El Capitan East, and El Capitan West.
- There are currently 13 vessels and 1 barge being utilized to perform boom, skimming operations, and decontamination offshore. Vessels not currently in use are being staged in the Ventura Harbor.
- Approximately 2,540 feet of hard boom and 2,040 feet of absorbent boom (totaling 4,580) have been deployed to protect the ACP sites. About 6,000 feet of boom has been deployed by the on water recovery group. A total of 10,580 feet of boom is assigned to the incident.
- There are 2 contracted aircraft (helos) and 1 fixed wing aircraft deployed to this incident.

Public Information

- Joint Info Center (JIC) has been established.
 - JIC WEBSITE: <http://www.refugioresponse.com>
 - Future media inquiries regarding Refugio State Beach oil spill should call: **805-696-1188**.
- A Third-Party Claims telephone number has been established for businesses and others to report economic losses or costs due to the oil spill: 1-866-753-3619.
- A Press Conference is tentatively scheduled for 1500 hours on 06/02/15.
- A Community Open House was held on Saturday, May 30 at the Elks Lodge in Santa Barbara. Over 180 community members attended the event as well as media. Over 65 questions and comments were placed in comments box and all of them were answered by technical experts.
- The Community Relations Unit is drafting a proposal for a roundtable discussion with key stakeholders of the Santa Barbara business community to include the Chamber of Commerce.

SITUATION SUMMARY

SPILL: 15-2785, Refugio Beach, Goleta, Santa Barbara County

Volunteers

- California Volunteers is leading the efforts to coordinate spontaneous volunteer activities related to the Refugio Incident. Cal OES continues to support volunteer efforts along with OSPR, the City of Santa Barbara, Santa Barbara County OEM, the University of California Santa Barbara and Chumash Tribe representatives. An Emergency Volunteer Center has been established and hazmat training is being provided to volunteers.
- Cal OES deployed staff will continue to assist in the coordination of these events. Community CERT and Spontaneous Volunteers are being trained and utilized for the beach cleanup efforts. Deployed Cal OES Southern Region staff prepared a briefing regarding volunteer coordination efforts related to this incident which was then presented by OSPR 05/26/15 at Santa Barbara County Board of Supervisors Meeting in Santa Maria.
- 263 Total Volunteers trained this week.
- 118 Volunteers deployed for beach cleanup to date. Additional volunteer beach clean ups and projects are planned.
- The public can assist by visiting this website <https://calspillwatch.dfg.ca.gov/Spill-Archive/Refugio-Incident/Volunteer> or by reporting oiled wildlife by calling 877-UCD-OWCN (not a volunteer line).
- A volunteer sign-up form is available on the OSPR website at www.calspillwatch.dfg.ca.gov.
- The beach cleanup that took place 05/31/15 at Ellwood Beach had the participation of thirty-two public volunteers and 5 volunteers from the Community Emergency Response Team (CERT) as well as personnel from CaliforniaVolunteers, Office of Spill Prevention (OSPR), and Cal OES. The volunteer coordination unit met following the cleanup operations and decided to pause volunteer activities for the week of 05/01/15. CaliforniaVolunteers will be available to assist from their headquarters office in Sacramento.
- Approximately 50 spontaneous, 7 CERT and 5 Patagonia volunteers participated in the beach cleanup event held on 5/30/15 at Gaviota State Beach. Staff from OSPR, CalVolunteers and Cal OES were also present to assist with the event.
- Approximately 32 spontaneous and 5 CERT volunteers participated in the beach cleanup event held on 5/31/15 at Ellwood Beach. Cal Volunteers, OSPR and Cal OES staff were present to assist with the event.
- Cal OES deployed staff will continue to assist in the coordination of the volunteer events. Cal Volunteers will continue to monitor the situation and identify any additional opportunities for volunteer beach cleanup events.

SITUATION SUMMARY

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Weather of Concern

- There are no significant Watches or Warnings in effect at this time

Active Weather Warnings, Watches and Advisories by County: http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php

WEATHER

WEATHER SYNOPSIS BY REGION:

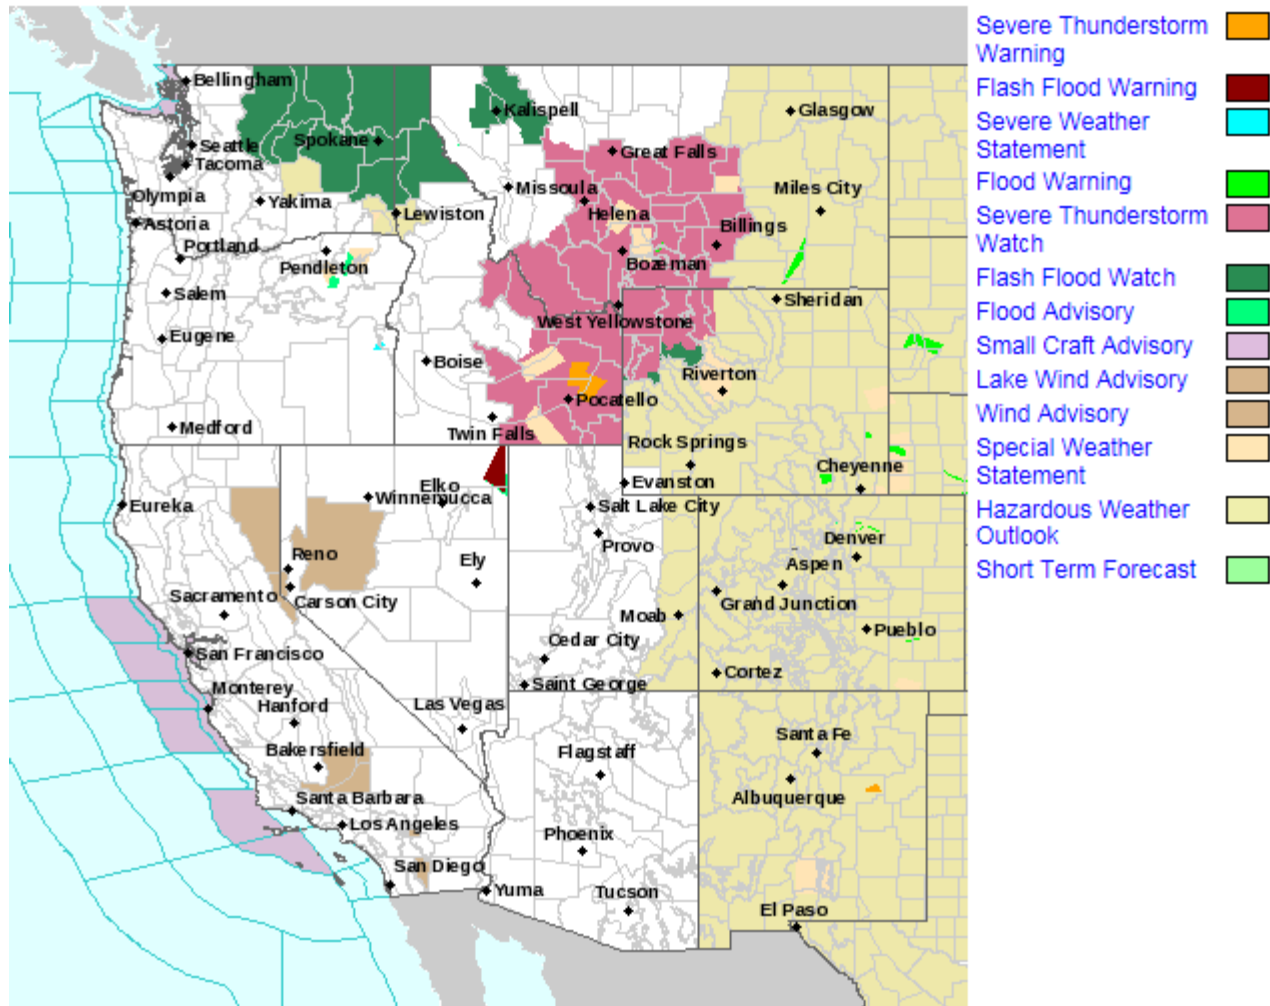

NORTHERN CALIFORNIA

Significant change in the weather pattern as Pacific low pressure moves onshore with increasing clouds and increasing southwest winds. Scattered showers expected over far northern areas today into Tuesday, followed by brief drying and seasonable conditions for the midweek period with light westerly/zonal flow. Another low drops down from the north later this week and models forecast it to become nearly stationary over Central California this coming weekend. Normally such a system would just bring cool, unsettled weather with scattered showers and isolated thunderstorms. However, the remnants of Hurricane Andres will be moving up from Baja and models continue to wrap this moisture into the California low. This could result in widespread showers and wet thunderstorms across most of the region from Friday into the coming weekend. Some models are calling for an additional 0.50 to 1.50 inches of rainfall across most of our mountains with the weekend system.

SOUTHERN CALIFORNIA

A weak Pacific trough over the West Coast will continue to bring westerly winds of 20 to 30 mph with gusts to 50 mph to the Tehachapi Mountains, Antelope Valley, and Banning Pass through Wednesday night. Temperatures will be near to a little below normal through Wednesday, with mid -60s to mid-70s across the mountains and mid-70s to mid-80s in the valleys. Minimum humidity will be between 12% and 25% above the marine layer today and then increase to above 20% Tuesday and Wednesday. The marine layer will be around 3,000 feet deep through Wednesday. An area of low pressure will form off the California Coast Thursday and then sit and spin through Saturday bringing well below normal temperatures and fairly high humidity to most of the region. Scattered showers and thunderstorms will form over the Sierra Thursday afternoon through Saturday evening. Depending on the exact track of the low pressure area, the entire region may get scattered showers and thunderstorms Friday and Saturday, if moisture gets entrained into it from what is now Major Hurricane Andres. The low pressure area will weaken and move off to the east Sunday ending the shower threat for most of the region, except isolated showers and thunderstorms will continue over the Sierra. Temperatures will warm some on Sunday, but they will still be below normal.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC, Inland, Coastal, and Southern REOCs and the Santa Barbara County EOC are activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Regional (Inland, Coastal, Southern) conference calls continue to occur on a weekly basis.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

Local Emergency Proclamations:

A total of 57 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:

- 25 Counties: El Dorado, Fresno, Glenn, Inyo, Humboldt, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 11 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Montague (Siskiyou County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), and City of West Sacramento (Yolo County), City of Willits (Mendocino County), City of Manteca (San Joaquin County), City of Porterville (Tulare County).
- 9 Tribes: Cortina Indian Rancheria (Colusa County), Hoopa Valley Tribe (Humboldt County), Karuk Tribe (Siskiyou/Humboldt Counties), Kashia Band of Pomo Indians of the Stewarts Point Rancheria (Sonoma County), Picayune Rancheria of Chukchansi Indians (Madera County) Sherwood Valley Pomo Indian Tribe (Mendocino County), Tule River Indian Tribe (Tulare County), Yocha Dehe Wintun Nation (Yolo County), and Yurok Tribe (Humboldt County).
- 12 Special Districts: Carpinteria Valley Water District (Santa Barbara County), Goleta Water District (Santa Barbara County), Groveland Community Services District (Tuolumne County), Lake Don Pedro Community Services District (Mariposa Stanislaus County), Mariposa Public Utility District (Mariposa County), Meiners Oaks Water District (Ventura County), Montecito Water District (Santa Barbara County), Mountain House Community Service District (San Joaquin County), Nevada Irrigation District (Nevada County), Placer County Water Agency (Placer County), Tuolumne Utilities District (Tuolumne County), and Twain Harte Community Services District (Tuolumne County).

CAL OES MISSIONS

Cal OES Missions

- **2015-LAW-12912, 05/31/15 at 1119 hours**, Air Force Rescue Coordination Center (AFRCC) reports an ELT sounding in Los Angeles County near Pomona. Cal OES LDO coordinating resources to locate and silence the ELT. **Update: 05/31/15 at 1912 hours**, AFRCC requested mission closure due to CAP was unable to hear the signal and they received multiple negative airborne reports. **Mission Closed**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
